

Therma-Tru launches Thrive sustainability initiative

[MAUMEE, OHIO, Jan. 28, 2022–] Therma-Tru has announced the launch of Therma-Tru Thrive, the brand's new social responsibility initiative. Therma-Tru Thrive features three key pillars: making life better at home; helping take care of our planet; and being a good neighbor.

Making life better at home.

The first Thrive pillar examines how Therma-Tru products help contribute to a safer, more sustainable home. Therma-Tru's industry-leading complete door systems are built to help protect against energy loss and break-ins, helping people stay safe and comfortable at home. Therma-Tru door systems are tested for 300 lb. of forced entry resistance to help protect against break-ins (AAMA 1304). Plus, 85% of Therma-Tru doors are ENERGY STAR qualified to help keep heating and air conditioning sealed inside the home.

Helping take care of our planet.

The second pillar focuses on responsible manufacturing and sourcing. Therma-Tru is finding innovative ways to reduce the energy, water and materials used, and to reuse or recycle waste. For instance, more than 50% of Therma-Tru's fiberglass end rails are made from more than 95% recycled content, and most of the scrap lite frame material is reused to make new lite frames. Leftover material cut out of the door for glass inserts is reused as insulation for barns, animal shelters, utility buildings and more. In 2021, Therma-Tru diverted more than 6.5 million pounds of waste from landfills – equaling the weight of approximately 260 school busses (based on the average weight of a typical school bus).

Being a good neighbor.

The final Thrive pillar prioritizes charitable giving and community involvement. Therma-Tru is proud to support more than 100 organizations over the past 40 years, including Habitat for Humanity, Jared Allen's Homes for Wounded Warriors, United Way and more, to make a positive impact on the places we call home – and beyond. Within the organization, Therma-Tru is working to build a more diverse, equitable and inclusive workplace.
