# Why Therma-Tru® Fiberglass Doors

Welcome to Therma-Tru, the most preferred brand of exterior doors.

Year after year, building professionals rank Therma-Tru #1 – as the brand they use most – in entry doors.\* It's a reputation built on more than 50 years of experience and technical know-how. Therma-Tru introduced the world to fiberglass doors and continues to make door systems that are held to high standards for quality and performance.

That's where the beauty of choosing Therma-Tru begins.

## Why Therma-Tru® Fiberglass Doors

Your Therma-Tru fiberglass door system delivers long-lasting beauty, durability and energy efficiency.

### Beautiful

- Offers endless choices in door styles and handcrafted decorative glass designs.
- Gives the authentic look and feel of real wood.

### Low-Maintenance

- Built from a material that won't dent or rust, nor will it warp, split, crack or rot.
- Requires less work than wood or steel to keep your door looking "new" longer.\*\*

### Energy-Efficient

- Solid polyurethane foam core provides up to four times the insulating R-Value of wood.\*\*\*
- Most decorative and privacy glass features triple-pane construction for reduced outside noise and increased energy efficiency.

### Durable

- Provides homes with weather resistance, as well as long-lasting curb appeal.
- Engineered to work together as a complete door system for uncompromising quality, inside and out.

Contributes to an energy-efficient home and is backed by the industry's most comprehensive lifetime limited warranty.

\*Brand Use Studies, 2014 *Builder* and 2013 *Remodeling* magazines.

\*\*Visit [www.thermatru.com](http://www.thermatru.com) for maintenance and refinishing guidelines.

\*\*\*Comparison of fiberglass to wood doors (both without glass).

Note: See your Therma-Tru seller or visit [www.thermatru.com](http://www.thermatru.com) for details on limited warranties and exclusions, and ENERGY STAR qualified products.

# Curb Appeal

After

Smooth-Star, Blackstone Glass, Door – S6002, Sidelites – S6002SL

\*Therma-Tru's "National Home Valuation Study" was commissioned by Therma-Tru in 2002 and conducted by TNS, an independent provider of Internet-based research and research-based marketing information and counsel.

Before

## Increase Curb Appeal & Value

We all want to get the most out of every dollar we spend, and installing an attractive new front entrance is a cost-effective way to improve your home's curb appeal and perceived value. In fact, a study conducted by an independent research company found that a home with an enhanced Therma-Tru entry door system added to its perceived value by as much as five times the cost of the door itself.\*

# Why Classic-Craft®

## Classic-Craft Collections

Here's a premium entryway that can truly express your personal style. Whether Rustic, Classic or Contemporary, you'll find a Classic-Craft premium entryway that fits beautifully with your personal style and home.

American Style Collection.

Mahogany Collection.

Rustic Collection.

Oak Collection.

Canvas Collection.

Rated a *Consumers Digest* Best Buy for its exceptional warranty, quality of materials and construction, and resemblance to a real wood door.

**The look of real wood.**  
Realistic wood grains that are virtually indistinguishable from high-grade wood doors, thanks to Therma-Tru's AccuGrain technology.

**Details that define a custom door.**  
Crisp, handcrafted elegance creates embossments that are deeper than standard fiberglass doors.

**Architecturally correct for true classic beauty.**

Classic-Craft Premium Door

Standard Fiberglass Door

\*Compared to other standard fiberglass doors.  
Note: Finish colors may vary from an actual application due to fluctuations in finishing or printing.  
See your Therma-Tru representative or visit [www.thermatru.com](http://www.thermatru.com) for details on limited warranties and exclusions.

# Therma-Tru® Door System & Warranty\*

## Uncompromising quality, inside and out.

A Therma-Tru door with genuine Therma-Tru components is more than a beautiful door – it's a complete door system. Each part of the system – from the glass to the hinges – is engineered to work together for weather resistance and energy efficiency.

And Therma-Tru can stand behind more parts of a door system for longer than other door companies because Therma-Tru makes or specifies everything that goes into it. A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

### Backed by our lifetime limited warranty.

#### Therma-Tru. Fiberglass Doors

All of these genuine Therma-Tru components are included in our lifetime limited warranty.\* The homeowner has one source, Therma-Tru, to turn to if an issue arises with the door system.\*\*

#### Our Lifetime Limited Warranty

#### Other Fiberglass & Wood Doors

Other companies that only supply the door panel either don't warrant as many parts of the door system or warrant them for a shorter period. That could leave the homeowner without coverage and confused about who to turn to if issues arise.

#### Other Door Companies' Warranties

\*Excluding primed Pine and Oak frame components.

\*\*Excluding improper assembly of components into a door system by the distributor, dealer, builder or remodeler, and the installation of the door system.

\*\*\*Excluding installations within 5 miles of a body of salt water and the finish.

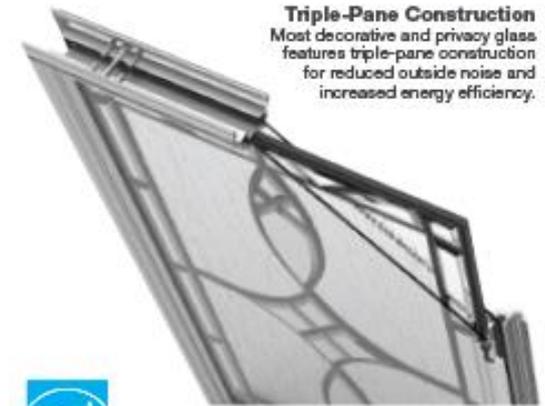

\*\*\*\*Excluding normal wear and tear.

Note: See your Therma-Tru seller or visit [www.thermatru.com](http://www.thermatru.com) for details on limited warranties and exclusions.

# Why Therma-Tru® CC / Deco Glass / System

## Classic-Craft® Premium Entryways

- Architecturally correct designs – with up to 25% wider panels\* – create true classic beauty.
- Solid hardwood square edges and deeper embossments deliver a genuine wood door appearance.
- Four realistic wood grains and a premium smooth surface rival custom wood.
- More than 10% wider glass\* welcomes more light into the home.
- Thicker fiberglass skins and 20% heavier construction\* offer durability and a natural wood door feel.

**Triple-Pane Construction**  
Most decorative and privacy glass features triple-pane construction for reduced outside noise and increased energy efficiency.

Contributes to an energy-efficient home.

## Door System Components

- A Therma-Tru door with genuine Therma-Tru components is more than a beautiful door – it's a complete door system.
- Each part – from the glass to the hinges – is engineered to work together for weather resistance and energy efficiency.
- Therma-Tru manufactures or specifies every aspect of the system to high standards for durability and reliability.
- A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

## Decorative & Specialty Glass

- Discover beauty and craftsmanship you can't find anywhere else with handcrafted glass created for premium quality.
- Find a variety of glass colors, textures, shapes and coming options designed to suit varying home styles and create a stunning look.
- Choose from inspirational decorative glass designs, elegant privacy glass textures and convenient specialty glass options.
- Low-E glass offers outstanding energy efficiency and more than 80% of Therma-Tru door and glass options are ENERGY STAR® qualified.

\*Compared to other standard fiberglass doors.

Note: See your Therma-Tru seller or visit [www.thermatru.com](http://www.thermatru.com) for details on limited warranties and exclusions, and ENERGY STAR qualified products.

# Therma-Tru® Door Systems

## Lifetime Limited Warranty

We stand behind more parts of a door system for longer than other door companies because we make or specify everything that goes into it. A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

## Energy Efficiency

In any region or climate, energy efficiency is key. Thousands of Therma-Tru door and glass options are ENERGY STAR® qualified and National Fenestration Rating Council (NFRC) certified, helping save money on energy costs.

## Quality Testing

Our doors, glass and components are held to high standards. We conduct thorough testing to guarantee that our products will live up to a homeowner's toughest quality and performance expectations.

## Tru-Defense: The Ultimate Protection

Therma-Tru fiberglass doors are available with our exclusive Tru-Defense® system, which integrates specific components engineered and tested to deliver outstanding protection in all kinds of weather conditions. And it's backed by a Warranty Rider that provides for cash reimbursement that may be used toward secondary damage to flooring and trim, and the labor to make repairs if water infiltration occurs.\*

For details, visit [www.thermatru.com/trudefense](http://www.thermatru.com/trudefense).

Water Infiltration Cash Reimbursement Limit	
Latch and Deadbolt Lock with Standard Assembly:	\$250
with a Therma-Tru Sill Pan:	\$500
Multi-Point Lock with Standard Assembly:	\$750
with a Therma-Tru Sill Pan:	\$1,500
Multi-Point Lock with NAFS-Certified Assembly:	\$1,000
with a Therma-Tru Sill Pan:	<b>\$2,000</b>

\*For full details on the Tru-Defense Warranty Rider, visit [www.thermatru.com/trudefense](http://www.thermatru.com/trudefense). The Rider does not warrant workmanship of anyone who assembles or installs a Tru-Defense door system, nor any damages caused by improper handling, assembly or installation.

# Low-E Glass

## Low-E Glass

Factory-coated Low-E glass, available as an option for clear glass, delivers exceptional energy efficiency. All Classic-Craft and Pulse clear glass is Low-E. And Low-E is available for clear glass in Fiber-Classic, Smooth-Star, Profiles and Traditions.

In cold weather, Low-E glass reduces the loss of heat by reflecting the heat back inside the home.

In warm weather, Low-E glass reflects the sun's rays off of the glass, keeping the interior of the home cool.
